

Manor Farm, Sheffield

The Background

Manor Farm is a property owned by Chatsworth Settlement Trustees, and part of the Chatsworth Estate. It has been identified as one of a group of properties that replacement of the current oil boiler system, is required. We removed the existing oil boiler and installed a Biomass boiler system, to help reduce fuel costs and carbon emissions.

The Installation

- ETA PC32 Biomass Boiler
- 1000Ltr ETA Buffer Tank
- Self built fuel store.
- ETA remote monitoring control panel.
